

# Beginning on February 1, 2014, the easiest way to dispose of your hazardous waste is now **AT YOUR FRONT DOOR.**

As a coastal city, Dana Point has a strong interest in protecting the ocean and our environment which both contribute to the unique quality of life enjoyed in our town. The residents of Dana Point currently enjoy a variety of recycling and waste diversion programs through the City and our waste hauler, CR&R, Inc. The City's goal is to continually present new programs and services to Dana Point's residents aimed at providing access to additional sustainable programs with a time-saving advantage.

On December 3, 2013, the City Council approved a **FREE On-Call Residential Household Hazardous Waste (HHW) Pick Up Service** with the intention of making it easier for City residents to dispose of HHW safely. Improper disposal of HHW can pollute the environment and pose a threat to human health. The Residential On-Call HHW Pick Up Service program will allow residents to conveniently call CR&R, Inc. for safe, efficient door-side pick-up and disposal of this special waste stream... **all free of charge.**

## **How does it work? Easy as 1-2-3!**

1. **Call CR&R Customer Service at 877-728-0446** to schedule convenient HHW pick up.  
*(To keep things easier, pick ups will be made on the same day as your usual trash service)*
2. Identify to CR&R the quantity of HHW items that are in need of disposal  
*(see some common types noted below)*
3. On your pick up day, place the HHW for collection at the area determined when scheduling service. A receipt will be left upon pick up.

## **Common Household Hazardous Waste (HHW) acceptable through the On-Call Pick-Up Program:**

Fluorescent Bulbs and tubes

Common household batteries  
(D, C, AA, AAA, button-type)

Aerosol cans (non-empty)

Automotive maintenance & repair products  
(motor oil, filters, antifreeze, brake fluid, etc.)

E-Waste (TV's, computers, microwaves, etc.)

Lawn and garden chemicals

Mercury-containing devices such as  
thermometers, thermostats, switches, etc.

Home improvement supplies (paint, varnish,  
thinners, pool supplies, etc.)

Sharps (syringes, pen needles, lancets) in  
one-way, puncture proof containers

Household cleaning products (bathroom and  
drain cleaners, bleach, oven cleaners, etc.)
