PLANNING DEPARTMENT

**INSTRUCTION SHEET FOR FILLING OUT
ENVIRONMENTAL IMPACT ASSESSMENT FORM – PART I**

The Environmental Impact Assessment (EIA) Form – Part I will be used to determine what type of environmental documentation (i.e. Environmental Impact Report, Mitigated Negative Declaration, Negative Declaration or Exemption) that will be required to be prepared for your application, per the California Environmental Quality Act (CEQA).

The clarity and accuracy of the information you provide is critical for purposes of quickly determining the specific environmental effects of your project.

Recent judicial decisions have held that a “naked checklist”, that is a checklist that is merely checked “yes” or “no”, is insufficient to comply with the requirements of the California Environmental Quality Act. Each “yes” or “no” answer must be accompanied by a written explanation justifying the “yes” or “no” answer. This is especially important when a Negative Declaration is being sought. The more information provided in this form, the easier and quicker it will be for Staff to complete the Environmental Impact Assessment Form – Part II.

Please be aware that recently adopted State Law (Assembly Bill 3158, Chapter 1702 of the Regular Session) requires all projects requiring an Environmental Impact Report (EIR) or Negative Declaration (ND) pay a filing fee to the County Clerk. If a project may pose a potential impact on “Wildlife Resources”; this State Law also requires paying a fee to the State Department of Fish & Game. As such, if there may be a potential impact on “Wildlife Resources” one of the following conditions will be placed on all projects requiring an EIR or ND:

For projects with Environmental Impact Reports:

“Within forty-eight (48) hours of the approval of this project, the applicant/developer shall deliver to the Planning Department a check payable to the **County Clerk** in the amount of Eight-Hundred-Eighty-Eight Dollars (\$888.00) which includes the Eight-Hundred-Fifty Dollars (\$850.00) fee required by Fish and Game Code Section 711.4(d)(4) plus the Forty-Three Dollars (\$43.00) County administrative fee, to enable the City to file the Notice of Determination required under Public Resources Code Section 21152 and 14. California Code of Regulations: 15094. If within such forty-eight (48) hour period the applicant/developer has not delivered to the Planning Department the check required above, the approval for the project granted herein shall be void”.

For Projects with Negative Declarations:

“Because the project may have a potential adverse effect on wildlife resources, within forty-eight (48) hours of the approval of the project, the applicant/developer shall deliver to the Planning Department a check payable to the **County Clerk** in the amount of One-Thousand-Two-Hundred-Eighty-Eight Dollars (\$1,288.00), which include the One-Thousand-Two-Hundred-Fifty Dollars (\$1,250.00) fee required by Fish and Game Code Section 711.4(d)(3) plus the Forty-Three Dollars (\$43.00) County administrative fee, to enable the City to file the Notice of Determination required under Public Resources Code Section 21152 and 14. California Code of Regulations: 15075. If within such forty-eight (48) hour period the applicant/developer has not delivered to the Planning Department the check required above, the approval for the project granted herewith shall be void.”

Project Information

1. List and describe any other related permits and other public approvals required for this project, including those required by City, regional, state and federal agencies:

2. Proposed use of site (Project for which this form is filed):

3. Proposed scheduling:

4. Associated projects:

5. Anticipated incremental development:

6. If residential, include the number of units, schedule of unit sizes, range of sale prices or rents and type of household size expected:

7. If commercial, indicate the type, whether neighborhood, city or regionally oriented, square footage of sales area, and loading facilities:

8. If industrial, indicate the major function, estimated employment per shift, estimated occupancy, loading facilities, and community benefits to be derived from the project:

9. If institutional, indicate the major function, estimated employment per shift, estimated occupancy, loading facilities, and community benefits to be derived from the project:

10. If the project involves a variance, conditional use or rezoning application, state this and indicate clearly why the application is required:

Environmental Questionnaire

Are the following items applicable to the project or its effects? Explain below all items checked yes (attach additional sheets as necessary).

YES	NO	
<input type="checkbox"/>	<input type="checkbox"/>	11. Change in existing features or any bays, tidelands, beaches, lakes or hills, or substantial alteration of ground contours.
<input type="checkbox"/>	<input type="checkbox"/>	12. Change in scenic views or vistas from existing residential areas or public lands or roads.
<input type="checkbox"/>	<input type="checkbox"/>	13. Change in pattern, scale or character of general area of project.
<input type="checkbox"/>	<input type="checkbox"/>	14. Significant amounts of solid waste or litter.
<input type="checkbox"/>	<input type="checkbox"/>	15. Change in dust, ash, smoke, fumes or odors in vicinity.
<input type="checkbox"/>	<input type="checkbox"/>	16. Change in ocean, bay, lake, stream or ground water quality or quantity, or alteration of existing drainage patterns.
<input type="checkbox"/>	<input type="checkbox"/>	17. Substantial change in existing noise or vibration levels in the vicinity.
<input type="checkbox"/>	<input type="checkbox"/>	18. Site on filled land or on slope of 10 percent or more.
<input type="checkbox"/>	<input type="checkbox"/>	19. Use or disposal of potential hazardous materials, such as toxic substances, flammable or explosives.
<input type="checkbox"/>	<input type="checkbox"/>	20. Substantial change in demand for municipal services (police, fire, water, sewage, etc.)
<input type="checkbox"/>	<input type="checkbox"/>	21. Substantially increase fossil fuel consumption (electricity, oil, natural gas, etc.)
<input type="checkbox"/>	<input type="checkbox"/>	22. Relationship to a larger project or series of projects.

Explanations:

Environmental Setting

23. Describe the project site as it exists before the project, including information on topography, soil stability, plants and animals, and any cultural, historical or scenic aspects. Describe any existing structures on the site, and the use of the structures. Attach photographs of the site. Snapshots or Polaroid photos will be accepted.

24. Describe the surrounding properties, including information on plants and animals and any cultural, historical or scenic aspects. Indicate the type of land use (residential, commercial, etc.), intensity of land use (one-family, apartment houses, shops, department stores, etc.), and scale of development (height, frontage, setback, rear yard, etc.). Attach photographs of the vicinity. Snapshots or Polaroid photos will be accepted.

Certification

I hereby certify that the statements furnished above and in the attached exhibits present the data and information required for this initial evaluation to the best of my ability, and that the facts, statements and information presented are true and correct to the best of my knowledge and belief.
