Mayor Olvera closed the Public Comments.

Council Member Schoeffel felt that the City Manager has done a fine job. He stated that if he votes no on this item it is because it is a base building increase. He added that the City Manager deserves something, and recommended a non-base building bonus instead.

Mayor Olvera stated that Doug Chotkevys is a senior City Manager in Orange County and has provided the City with stability. He added that he supports the recommendation.

Council Member Muller agrees with Council Member Schoeffel on the base building compensation in theory, but in practice he felt it did not work. He stated that he supports the recommendation.

Mayor Olvera closed the Public Comments.

Mayor Pro Tem Tomlinson asked for an update from the Chief of Police.

Lt. Chilton reported that currently they have six (6) deputies trained and equipped on bike patrol and historically the bike patrol has run in the summer months on an as-needed basis city-wide on average of about 10 hours a week. He stated that he was working on doubling the amount of deputies. He added that they have motor officers stationed on Camino Capistrano and Palisades.
Mayor Olvera asked about future improvements that have been planned for Capistrano Beach.

Director Fowler replied that the Council had approved a significant amount of budget for work on the residential streets. He added that the staff report covered a number of items including the work along Doheny Park Road, and improvements along Coast Highway to provide a bicycle path that will include lighting and landscaped area along the beach. The motion carried by the following vote:

AYES: Council Member Joseph L. Muller, Council Member J. Scott Schoeffel, Council Member Richard A. Viczorek, Mayor Pro Tem John A. Tomlinson and Mayor Carlos N. Olvera

NOES: None

19. ZONE TEXT AMENDMENT ZTA15-0001 AND LOCAL COASTAL PROGRAM AMENDMENT LCPA15-0001; TO AMEND THE CITY'S ZONING ORDINANCE; CHAPTER 9.26 AND CORRESPONDING APPENDIX "E", GENERALLY REFERRED TO AS "DANA POINT TOWN CENTER PLAN", TO ADDRESS PARKING REGULATIONS, AND TO CHANGE THE TITLE OF THE DOCUMENT TO "DANA POINT LANTERN DISTRICT PLAN" AND AN ADDENDUM TO THE PREVIOUSLY APPROVED MITIGATED NEGATIVE DECLARATION

City Manager Chotkevys provided a staff report.

Director of Community Development Luna-Reynosa introduced Patrick Siegman of Nelson Nygaard. Patrick Siegman provided a summary of the parking program and responded to questions from the City Council.

Mayor Olvera opened the Public Hearing.
Betty Hill, Capistrano Beach, spoke about her concerns with the proposed parking program which included the leasing of parking and long-term solutions. She felt that developers needed to bear the costs for parking for their own projects.

Buck Hill, Capistrano Beach, spoke of other cities and their parking programs.

Gary Newkirk, Dana Point, felt that the credit for on-street parking will use up all of the City's available parking and that this would subsidize the developers. He stated that he was concerned with the reduction of the in-lieu parking spaces.

Steve LaMotte, Huntington Beach, representing the Building Industry Association, stated that they support staff's recommendations on the parking program amendments.

Dana Yarger, Dana Point, stated that there was a parking problem at his building on Del Prado and that a parking structure needed to be built. He felt that the on-street parking should be reserved for customers.

Cindy Fleming, Dana Point, stated that she supports the Lantern District Plan but felt that the restaurants needed to have more parking as the overflow is into the residential areas.

Peggy Tabas, Newport Beach, stated that she supports the new parking program and felt that it will go a long way to stimulate new development in the downtown.

Mayor Olvera closed the Public Hearing.

Mayor Pro Tem Tomlinson suggested that the developer be made to pay for the curbside parking instead of allowing a credit. He felt that the number of parking spaces required of residential units was too low at one per 1,000.

Council Member Schoeffel asked where guests of the residential areas will be parking.

Patrick Siegman replied that the unused commercial spaces will be used for guests at night.

Council Member Schoeffel asked where would guests park during the day.

Patrick Siegman replied that the uses will not hit their peak at the same time.

Council Member Schoeffel stated that one parking space per residential unit was very low.

Patrick Siegman replied that the Meridian was working well as an example. He added that they have found that the standard has worked well in other cities.
Council Member Schoeffel asked if projects come in and the City cannot keep pace with acquisition of surface parking; how will that problem be solved.

Patrick Siegman replied that the parking program will match the pace of development with solutions. He added that if a lot of projects come in they will either pay the in-lieu fee or build parking.

Council Member Schoeffel asked how we will know that the shared public parking is going to be available and affordably priced to support the project.

Patrick Siegman replied that when someone wants to bring in a new business or start a new activity that then will be the catalyst to create parking and provide the City with the leverage.

Mayor Olvera summarized the discussion and asked if staff had anything to add.

City Manager Chotkevys stated that as a result of the discussion there seems to be an issue relating to the in-lieu parking fee applying to on-street parking in front of a development and the other issue is relative to the residential parking spaces.

City Attorney Munoz felt that it would be helpful if Director Luna-Reynosa described what the Planning Commission had discussed on the residential standards.

Director Luna-Reynosa replied that the Planning Commission was concerned about the residential parking standards, but instead of coming up with an alternative standard they wanted the Council to know of their concern and enable the Council to review the standards.

Council Member Muller recommended eliminating curbside parking being counted for by commercial development and requiring one parking space per bedroom in residential developments.

Council Member Viczorek felt that staff has put together a great plan and that he would agree with Gary Newkirk about the on-street parking. He stated that the issue of residential parking should be left to the free market.

Council Member Schoeffel stated that he also agrees with Gary Newkirk. He felt that the residential standard should be two spaces per unit and then resort to a benefit assessment district.

Mayor Pro Tem Tomlinson felt that a $40,000 standard should be applied if curbside parking is used as part of a plan.

Council Member Muller clarified that curbside parking should not be allowed to be counted as part of a development's minimum parking requirement.

Council Member Schoeffel asked if there was any way to budget this out to see what the in-lieu fees would be.
Director Luna-Reynosa replied that in general people do not like to pay the in-lieu fee unless it is less expensive than providing their on-site parking. She stated that at two parking spaces per 1,000 square feet, she felt that developers would provide their own parking on-site.

Council Member Muller made a motion to approve this plan with the change to not allow the commercial development to count the curbside parking in place of the requirement of two spaces per 1,000 square feet.

Council Member Viczorek seconded the motion.

Mayor Pro Tem Tomlinson stated that he would want to raise the residential parking requirement to two parking spaces per 1,000 square feet.

Patrick Siegman recommended requiring one parking space for studios and one bedroom units, and two parking spaces for two bedroom units and three parking spaces for three bedroom units.

Mayor Pro Tem Tomlinson made a substitute motion of one parking space per bedroom and the payment of in-lieu fees for off-street parking. Motion died for lack of second.

IT WAS MOVED BY COUNCIL MEMBER JOSEPH L. MULLER, SECONDED BY MAYOR PRO TEM JOHN A. TOMLINSON, TO CONDUCT A PUBLIC HEARING AND ADOPT RESOLUTION 15-07-21-03 DELETING THE PROVISION THAT ALLOWS ON-STREET PARKING CREDITS AND CHANGE THE PARKING REQUIREMENT FOR RESIDENTIAL PROJECTS TO TWO PARKING SPACES PER 1,000 SQUARE FEET ENTITLED:

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF DANA POINT, CALIFORNIA, ADOPTING AN ADDENDUM TO A PREVIOUSLY APPROVED MITIGATED NEGATIVE DECLARATION FOR THE ZONE TEXT AMENDMENT ZTA15-0001 AND LOCAL COASTAL PROGRAM AMENDMENT LCPA15-0001, TO AMEND THE CITY’S ZONING ORDINANCE; CHAPTER 9.26 AND CORRESPONDING APPENDIX E, GENERALLY REFERRED TO AS DANA POINT TOWN CENTER PLAN, TO ADDRESS PARKING REGULATIONS AND TO CHANGE THE TITLE OF THE DOCUMENT TO DANA POINT LANTERN DISTRICT PLAN; AND

AYES: Council Member Joseph L. Muller, Mayor Pro Tem John A. Tomlinson and Mayor Carlos N. Olvera
Council Member J. Scott Schoeffel, and Council Member Richard A. NOES: Viczorek

Director Luna-Reynosa clarified that the motion was two parking spaces per 1,000 square feet with a minimum of one parking space per residential unit.
